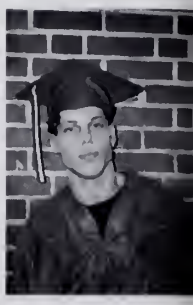
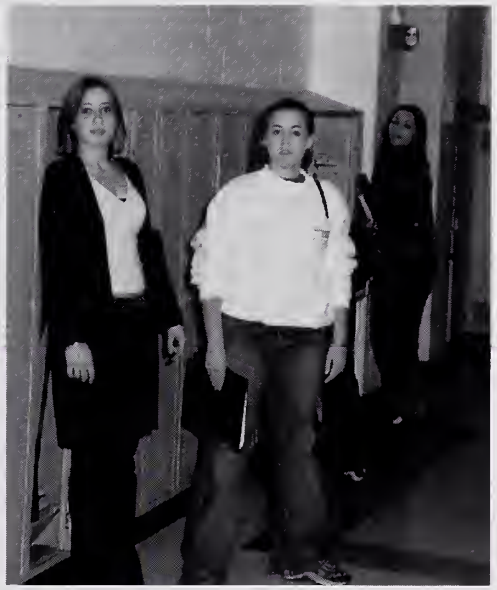
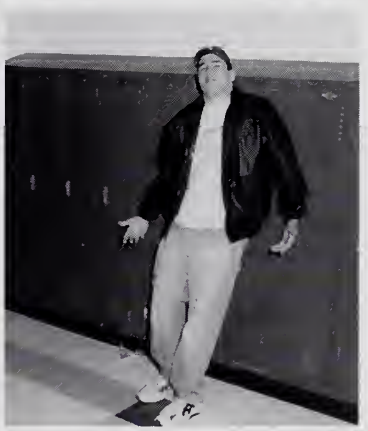
NIGHT 20







We Salute You . . .

Pictured Above, L-R: Dr. John Sweeney, technology and media specialist, Mrs. Claire DiTommaso, family and consumer science teacher and student council advisor, Thomas Burnell, Science chair and biology teacher, and Mrs. Susan Mills, Chemistry teacher and yearbook advisor and business manager, retire from Scituate High School this year. Also joining the list of retirees this June are Mrs. Linda Gambel, special education teacher, and Mr. Richard Dwyer, guidance counselor. They leave with our sincere best wishes and our heartfelt thanks for their tireless efforts on behalf of all the students they have encountered at Scitutate High School.

Mrs. Linda Gambel

Mr. Richard Dwyer

Our Advisors

Mr. William Webber and Mr. Richard McCready

Mr. Webber and Mr. McCready, where would the class of 2002 be without you? Over the past four years you have never faltered in your willingness to support us and see that we succeeded. Thank you for all of the time and energy you have invested in our fund raising attempts, dances, the prom, the dinner dance, in all of our activities as a class. You were always willing to stay after school to plan or work out the behind the scenes details, and we could always count on you to be chaperones. With your wealth of experience and SHS know-how, you have kept us on track and focused on realistic endeavors. Even though you truly knew what would work, you made it clear that it was up to us, never wanting to overstep. Without you, we could never have met all of the deadlines and made all of the arrangements for the prom or even for ordering our caps and gowns. Hands-down, your kindness, sense of humor, and lightheartedness, have made all the difference. You met every challenge beside us, coolly and under control, and always kept our best interest in mind. The class of 2002 thanks you for your leadership through our long journey from freshman year to senior year. We couldn't have done it without you.

< Stealing much of the headlines were the events on and after Sept. 11th. More than 3,000 people lost their lives at the twin towers of the World Trade Center, the Pentagon and aboard the four hijacked commercial airliners. Also getting the spotlight were the rescue workers and volunteers who were recognized by all Americans as heroes. Sadly, it also marked the end of R&B sensation Aaliyah, another one of the Beatles' fab four, George Harrison, and legendary comedian, Jack Lemmon. <

< After Sept. 11, sitcoms offered plenty of laughs. "Undeclared" centered on quirky college roommates faced with the freedoms of being away from home for the first time. The bewitching comedy, "Sabrina," conjured up strange changes as she became a college sophomore. "Gilmore Girls" explored the odd relationship between a mom with a heart of a teenager and a teenage daughter that acts like an adult. "Angel" used its dark humor to reveal the twists and turns of a vampire avenger in L.A. <

> *NEW SITCOMS* > *"Scrubs" puts a wildly inventive and hilarious spin on hospital life. Instead of assaulting viewers with jokes, "Bernie Mac's" life unravels in unexpected, offbeat ways while he raises his sister's kids. Parenthood will never be the same.* <

< As with everything else, it was a strange year for music. How else can you describe the success of the soundtrack "O Brother, Where Art Thou?" and Michael Jackson's less than "Invincible" return as the King of Pop? But that didn't stop 'NSync, Britney Spears, Usher and the like from commanding the airwaves. Country music got a kick from Tim McGraw who was named CMA Entertainer of the Year, while ears couldn't get enough of newcomer Alicia Keys' "Songs in A Mirror." >

> *O-TOWN* >

Selected from nearly 2,000 hopefuls, this boy band lived out their musical dreams before the eyes of millions of viewers in the reality show, "Making The Band." Making it big after a hit single, "Liquid Dreams."

< It was another blockbuster year in Hollywood. “Pearl Harbor’s” stunning special effects were a big hit. Singer Mandy Moore teamed up with Shane West in a sweet, idealistic love story that brings out the young romantic in everyone. Speaking of true love, young and old fell head over heels for “Shrek.” Also in the field of computer-generated optical illusion, “Final Fantasy” proved to be another artistic masterpiece. In contrast, Angelina Jolie brought the video game “Tomb Raider” to life, transforming into the tough archaeologist/ adventurer Lara Croft. <

Now, CDs and mp3 files ripped off the net can be transported from the PC to your ears anywhere you go. Not to mention, portable DVD players let you catch your favorite movies on the run. Dean Kampen also unveiled the Segway Human Transporter that totally reinvents the wheel. Apple is changing the way people view technology with a new iMac designed around a 15-inch LCD flat screen. < What were the haute fashion trends? For starters, low-rise jeans were in. And credit Madonna for causing people to switch from the baseball cap to the tattered, straw cowboy hat. The look changed after Sept. 11. People showed their true colors with the return of Old Glory and by wearing "I Love NY" t-shirts. The hair: rough, tumbled and tousled emerged to contrast elegant styles for a balanced look. For zooming around, let's not forget the shoes. >

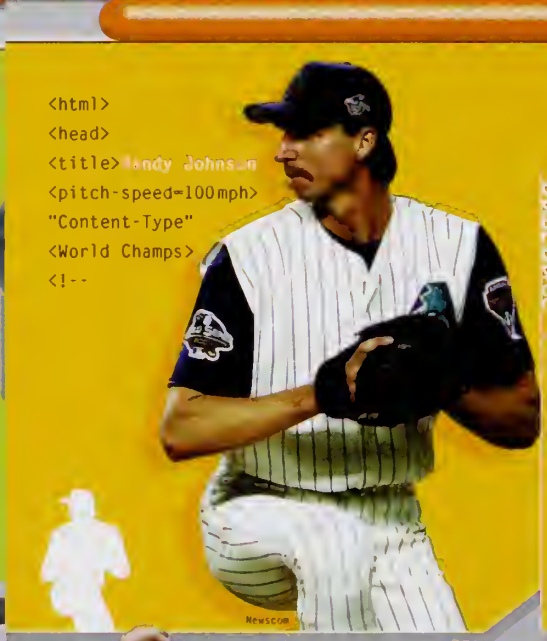
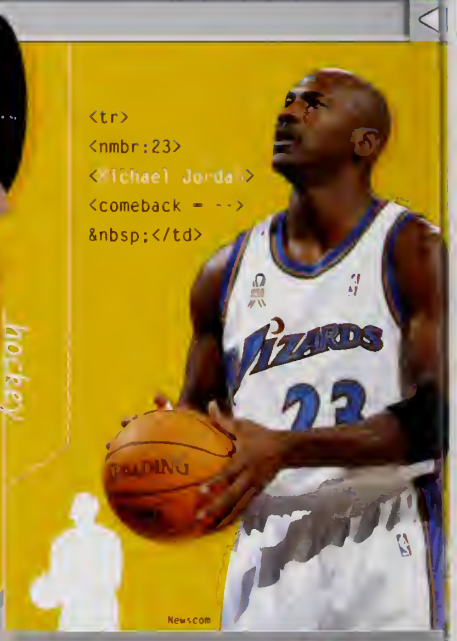
Winter Olympics

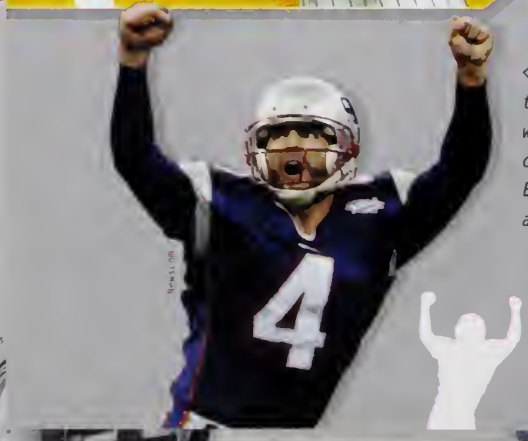
The world's best assembled to compete at Salt Lake City. New events included the skeleton, where athletes steered their sleds headfirst. Women's bobsleigh was also seen for the first time. Five events were even added to nordic combined and shortened from two-day to one-day races. Plus, the 1500-meter short-track speed skating was unveiled. In snowboarding, the giant slalom was replaced by the parallel giant slalom as snowboarders raced head-2-head in a single-elimination format.

> Recapping a few sports highlights: the thrill of getting a 22-year monkey off Ray Bourque's back made the Avs' 3-1 championship victory over the Devils extra sweet. And let's not forget the World Series where the Dbacks (after losing two dramatic games in extra innings to the Yankees) claimed the championship with a 3-2 win in game seven. His Airness also returned to the hardwood, this time sporting 23 on a Wizards' jersey during the 2002 All-Star Game.<

<MICHELLE KWAN <As four-time World Champion, six-time National Champion and Olympic silver medalist, Kwan puts her best skate forward, combining technical skill with artistry and grace, as she set her sights on the gold.







<SUPER BOWL XXXVI <The preseason favorite Rams with their high-powered offense and revamped defense clashed with the underdog Patriots lead by football mastermind, coach Belichick. The outcome: 20 to 17 with the New England Patriots kicking the game-winning field goal as time expired.

<X-GAMES >Are these dudes nuts, or what? X-treme athletes performed daunting, gravity-defying moves. Adults watching ESPN hoped their kids never try this at home.
